

Restoring Serum

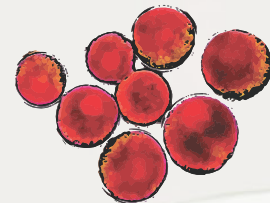

A lightweight serum that combines the hydrating power of hyaluronic acid with the free radical-fighting duo of Astaxanthin and ApplePhenon to target early signs of aging and environmental stress. Astaxanthin, a potent marine antioxidant, and ApplePhenon, a polyphenol-rich apple extract, work together to neutralize oxidative stress, support collagen integrity, and brighten uneven tone. Hyaluronic acid delivers deep, lasting moisture, plumping the skin and smoothing fine lines. Perfect as a daily layer under moisturizer or SPF, this serum helps your skin stay hydrated, protected, and radiant all day long.

Formulation Key

Phase	Ingredient	%
1	Water	92.04
1	Sodium Phytate	0.2
1	Phenoxyethanol, Caprylyl Glycol	1
